

ScriptableObject

```
classDiagram
    class ScriptableObject {
    }
    class SO_BaseUnit {
        + string Name
        + Sprite Icon
        + GameObject UnitPrefab
        + int Health
        + float GenerationTime
        + SO_ResourceCost Cost
        + List< AudioClip > SelectionAudioClips
    }
    ScriptableObject <|-- SO_BaseUnit
```

The diagram illustrates a class hierarchy. At the top is the 'ScriptableObject' class, represented by a rectangle with three horizontal compartments. The top compartment contains the class name. Below it are two empty compartments. A blue arrow with an open triangular head points from the 'SO_BaseUnit' class below to the 'ScriptableObject' class, indicating inheritance.

SO_BaseUnit

- + string Name
- + Sprite Icon
- + GameObject UnitPrefab
- + int Health
- + float GenerationTime
- + SO_ResourceCost Cost
- + List< AudioClip > SelectionAudioClips
